## About This Game

Lux Delux is a fast-paced turn-based-strategy game inspired by the classic board game RISK, with so much more!

- Take over the world in 10 minutes!
- Cross-platform online multi-player with [rankings league](#)! Our online champions want more fresh meat.
- Conquer over [900 different maps](#): Historical, geometric, fantasy, every US state!
- Biohazard mode nukes out different countries on the maps each game!
- Diverse map generator plugins including CastleInfinity.

- 
- Create your own maps with the built-in Map Editor.
  - Includes the 2 DLC expansion campaigns of American History Lux and Ancient Empires Lux!
  - Challenging AI will slap you around (no joke).
  - Programmers can create new AIs using the open-source LuxAgent SDK.
  - Hot-keys galore enable you to run an entire map in under 30 seconds! If you have a fast mouse-hand and enough armies, that is.

Lux Delux is an indie game cult classic, created by players, for players, and growing organically for over a decade now.

Because taking over the world is fun!
